Social Sleuth

Search for social media accounts in bulk!

It's Free

Social Sleuth is completely free, with no plans of adding a paid version anytime soon!

It's Open Source

Social Sleuth's code is 100% open source, and free to modify. Social Sleuth is licensed under the GNU GPLv3 license.

It's Easy to Use

SocialSlueth is a command-line program, meaning you don't have to launch any executables to use Social Sleuth!

```
python sleuth.py -u Username
```

```
python sleuth.py --user Username
```

It's Beginner Friendly

If you're new to coding, modifying Social Sleuth will be easy for you. Social Sleuth will have documentation & comments throughout the code to help anyone out, and will be written in Python to increase the simplicity of the code.

End

Thanks for reading! Social Sleuth has a planned release date of December 20th, 2022 PST. (12/20/2022)
